Old Business: The TV project is completed and operating. Comments have been made that this was a very good project and the Booster Club should receive positive response. The subject of the clothing sales was discussed and it was decided to wait until after prom and continue to look at this as a possibility for the BBC. The BBC will take a closer look then and see if it feasible to do all the clothing sales. Al will talk to Craig Anthony about building a display case, maybe as a class project. Also Al will talk to Mr. Field about storing this case in Mr. Anderson's room.

New Business: Coach Anderson was there and shared what some of the other schools he had taught at have done for fund raisers and some ideas he also has. He also brought some pictures and costs for some for the equipment he would like to get for the next football season. He did request \$500.00 for a coach camp he would like to go to and take some of the assistant coaches with. He was told this would be approved once the BBC received a request form for this.

Motion to adjourn the meeting was made by Al and 2<sup>nd</sup> by Dennis

Next meeting is January 7<sup>th</sup>, 2009 at 7:00pm
